

## A GAVEL FURNISHED BY THE HOOSIERS

### A DONATION BY INDIANA PRESBYTERIANS.

Gen. Harrison Makes the Presentation Speech—He Talks of Mission Work—John Wanamaker Appointed Assistant Moderator of the Assembly—Business Done By Delegates.

Eagle Lake, Ind., May 22.—Ex-President Benjamin Harrison addressed the Presbyterian general assembly Friday morning. The occasion was the presentation of a gavel to Moderator Sheldon Jackson on behalf of the synod of Indiana. The assembly was opened at 9:30 o'clock by the newly elected moderator, Rev. S. C. Dickey, secretary of Winona Park, introduced General Harrison and the latter made the presentation. He expressed the hope that the church would devote itself to more earnest missionary work. The wood of which the gavel is made is from the first Protestant Church built in Indiana. It stood near Vincennes and one of its charter members was General Harrison's grandmother.

Dr. Jackson heartily thanked Mr. Harrison and the Presbyterians of Indiana.

The moderator announced chairmen of committees, and afterward the first order of the morning was made the report of committee of eleven on the Presbyterian building in New York. The report was read by Dr. Withrow, chairman. The committee finds that there is no pending offer from any one to buy the property, nor has there been since the first meeting of the committee, and recommends that the disposition of the properties be left to the boards of home and foreign missions as agents of the church.

But there was a minority report to come. This report considered the future of the properties of its boards in New York, and the question whether the new building can be sold. The obligations of the boards to employ the legacies of Mrs. Robert Stuart as a permanent fund for the work of the church were set forth. The right to dispose of the Lenox homestead in 12th street was conceded, but the advisability of a return to the old building was insisted upon.

Gen. Harrison is a member of the committee, and had some things to say in favor of the majority report. He quoted Ex-President Cleveland and declared that it was a condition and not a theory which confronted the church. The assembly, he said, had approved every step taken by the mission boards for their authorized action.

At the close of the reading of the minority report motion was made to substitute the minority for the majority report, and the question came before the assembly for debate.

The subject was made a special order for this morning at 11:30 o'clock, and it was also voted to hold an afternoon session for the same purpose, a somewhat unusual proceeding for Saturday afternoon.

No other business affairs were touched, and there was no other subject of discussion than this, which many of the commissioners declare to be the most important matter to come before the assembly.

At the beginning of the morning session some of the committees were announced, and since then they have been at work in the committee rooms.

The chairmen of committees follow: Vice moderator, John Wanamaker, Philadelphia; bills and overtures, Dr. John L. Withrow, Chicago; judicial business, Dr. Henry C. Minton, San Francisco; church policy, Dr. Robert F. Sample, New York; home missions, Dr. John D. Hewitt, Emporia; foreign missions, Dr. J. Wilbur Chapman, Philadelphia; education, Dr. Stephen W. Dana, Philadelphia; publication and Sabbath-school work, Elder James Yereance, New York; church erection, Dr. George F. Whitworth, Seattle; theological seminaries, Dr. J. Clark Hill, Chicago; ministerial relief, James A. Mount, governor of Indiana; freedmen, Dr. Thomas Lawrence, Asheville; aid for colleges, Dr. George L. Spinning, Orange, N. J.; correspondence, Dr. Bryon Sunderland, Washington; benevolence, Dr. Wilson Phraner, New York; narrative, Dr. Maurice D. Edwards, St. Paul; temperance, Dr. A. R. Olney, West Troy, N. Y.; leave of absence, David R. Moore, mileage, Elder W. W. Fisk, Philadelphia; finance, Elder James M. Ham, Brooklyn.

The woman's executive committee of home missions held sessions on the grounds Friday morning and afternoon and attracted the attention of many visiting women. The president, Mrs. Darwin R. Jones, presided, officers presented their annual reports and missionaries from the different home fields told of their work.

### SHOW GOOD WORK.

Second Day of American Publication Society Meeting.

Pittsburg, Pa., May 22.—The second day's session of the American Baptist Publication society opened at 9:45 o'clock Friday with the smallest attendance at the opening of any session so far held. Fifteen minutes were occupied in religious exercises, and at 10 o'clock President Croser called the business session to order.

ABOUT 200 delegates were present. The first business was the report of the publishing department. The circulation of the society during the last year reached the astonishing figure of 38,593,700, more than over 636,000 pages of tracts were sent out and 44,000,000 pages since the beginning of this work.

The annual report of the board of managers was read by General Secretary Rowland of Philadelphia. The summing up of the year showed very encouraging results. Two months after the beginning of the year the headquarters of the society were burned out, including all machinery, etc. Notwithstanding these difficulties and hindrances the year was a successful one. The total amount of sales in merchandise and periodicals was \$607,396.86. This was an increase over the preceding year of \$48,806.53.

In the publication department 122 new publications were issued, forty-eight more than during the previous year. Of these 2,769,028 copies were printed.

The report further showed that the society had kept ninety-eight missionaries in the field, had given away 7,798 books, distributed 638,928 pages of tracts, aided 113 Sunday schools with donations of scriptures, books, etc., and aided 243 pastors and ministerial students with grants for their libraries.

The reports of the treasurer showed the total receipts from all sources to have been \$1,106,315.54. A cash balance on hand April 1, 1896, of \$5,701.88 brought the total to \$1,112,017.42. This is equalled by the expenditures, to which amount is added \$34,688.56 due from open accounts. The assets are \$972,708.30, while the liabilities are \$102,104.56, leaving the net assets \$870,603.74.

In the missionary department the total receipts were \$114,445.87 and the expenditures \$128,862.71. The deficit was paid out of a balance in the bible department.

The following officers were elected: President, Samuel A. Crozier, Pennsylvania; vice-presidents, Edward Goodman, Illinois; Joshua Levering, Maryland; George E. Horr, Jr., Massachusetts; J. W. Searles, New Jersey. Secretary, A. J. Rowland; recording secretary, J. G. Walker; treasurer, B. F. Dennison; managers, Henry G. Weston, George D. Rees, William T. Chase, James W. Wilmarth, Byron A. Woods, Albert G. Lawson, Kerr B. Tupper, Wayland Hoyt, J. N. Folwell, E. T. Hiseox, Harry S. Hopper, James S. Swartz, George K. Grozier, David P. Leas, John S. Stevens, J. Howard Gendall, Theodore G. Search, Robert H. Crozier, E. L. Tustin, H. N. McKinney, John Gordon.

The Association of Baptist Foreign Missionaries met and elected the following officers: President, R. M. Luther, Burmah; vice-presidents, H. M. Bixby, Burmah, and W. H. Crossum, Pekin; secretary and treasurer, Truman Johnson, Burmah.

### KEEP MINISTERS UNMARRIED.

Cumberland Presbyterian Assembly May Prohibit Early Marriages.

Chicago, May 22.—The Cumberland Presbyterian ministers Friday debated whether some wholesome restriction should be placed on the marriages of callow probationers for the pulpit. The subject was embodied in the report of the Educational Society, which felt that in view of the "continued distressing financial situation some reasonable regulation, intelligently and kindly but firmly enforced, seemed to be needed." Beyond referring the matter to the committee on education no immediate action was taken, but the general sentiment favors the invocation of presbyterial authority to restrain the connubial tendencies of the student, while it sympathetically regrets the necessity. Following the reading of the report the standing committees for the year were appointed and appeals were read and referred to appropriate committees. In the afternoon the place for the holding of the next general assembly was decided upon. Invitations had been extended from Nashville, Tenn., and Marshall, Mo. The question being put to the assembly, after nominating speeches, Marshall received 155 and Nashville 54 votes, and the selection was on motion made unanimous.

The report of the board of missions was then read. The report was not encouraging. In that of the visitors to Cumberland University it was urged that a special appeal for funds should be made to increase the endowment and make repairs and improvements. The reports of the Sunday school and systematic benevolence committees were read in the evening session.

### Race Question Comes Up.

Pittsburg, Pa., May 22.—When the third session of the general synod of the Reformed Presbyterian Church opened Friday there was a long discussion over the admission of the Rev. John W. Scott, a native of India. By an enabling act, passed two years ago, India was made a presbytery, with limited powers. Mr. Scott was finally admitted. The rest of the session was taken up with the reading of the reports of the Ohio and Western presbyteries.

### The Presbyterian Church South.

Charlotte, N. C., May 22.—The assembly of Southern Presbyterians was opened with devotional exercises, conducted by the moderator. After reading and approval of minutes the moderator announced the standing committees. No other business was transacted.

## THE TRADE REVIEW BY DUN & COMPANY

### ENCOURAGING REPORTS AS TO BUSINESS.

Unmistakable Evidence that There Has Been a Great Improvement in General Trade—Increased Demand for Manufactures—The Failures of the Week Show a Decided Decrease.

New York, May 22.—R. G. Dun & Co.'s Weekly Review of Trade says: "Unmistakable evidence of improvement comes in the general increase of commercial loans, mostly for eastern merchants or companies, though some well known houses in the middle west appear with considerable rediscunts from the south. The distinct change gives proof that new business has been larger than many have supposed. Receipts of money from the interior exceed shipments \$1,500,000, mostly from the middle west. The excess of merchandise imports to answer demands for half a year to come involves a greater excess of exports when the anticipatory movement ends and crops begin to move, which fact renders large outgoes of gold less likely and gives the country a stronger position in international markets. Meanwhile there is a continuous increase, distinct though gradual, in the volume of business in demand for products of manufacture, and, considering the time of year, in movement of grain and produce."

"Western wheat receipts exceed last year's for the week, being 2,384,189 bushels, against 1,738,986, and Atlantic exports were 1,670,813 bushels, flour included, against 1,302,491 last year, and for three weeks 4,778,722, against 3,385,910 last year. Western receipts of corn were 1,655,677 bushels, against 1,495,870, and Atlantic exports 2,188,825, against 1,608,748 last year, notwithstanding the enormous increase hitherto. Wheat again cheated hopeful buyers and fell nearly 4 cents, closing 3½ cents lower for the week. Corn was a shade weaker. Cotton once more hopelessly advanced to 7½ cents, but fell back to 7¼ cents, with poor support here or abroad. Both the volume of stocks and the condition of domestic and foreign markets for goods hinder advance, and later acreage reports are better."

"Sales of wool decrease, though still greater than when all the mills were busy, and manufacturers are doing scarcely anything, most of their possible demand for months ahead having been supplied. Western holders begin to offer at 1 to 1½ cents lower than of late. Woolen goods are dull, but prices are firm. Cotton goods are without change in prices, print cloths still at the lowest on record, and the demand is still indifferent, with talk of temporary closing of mills at the south. "Failures for the week have been 248 in the United States, against 277 last year, and thirty-seven in Canada, against twenty-eight last year."

### BANKER JOHNSON ARRESTED.

Admits Forgeries and Embezzlement That Wrecked Two Indiana Banks.

Logansport, Ind., May 22.—The denouement in the State National Bank failure came Friday afternoon when National Bank Examiner George B. Caldwell filed an affidavit before United States Commissioner George Funk, charging President Johnson with embezzlement, misappropriation and misapplication of funds with intent to defraud. Johnson has been arrested. His alleged peculations cover a period of years, and reach \$300,000; \$200,000 is in forgeries and \$100,000 in embezzlement. It is claimed that \$60,000 was stolen by a certificate of deposit and \$40,000 transferred from individual ledger to the president's personal account. Johnson also borrowed heavily of friends without security. He got \$8,000 from John Alber, a traveling man and personal friend. Examiner Caldwell accused Johnson of forgery, and the latter admitted his guilt, confessing also to embezzlement in the presence of Caldwell and Directors William and J. T. Elliott. They were visibly agitated, but Johnson remained perfectly calm. He agreed to turn over his property, and deeds were filed conveying the bank building, warehouse, hardware store and unimproved property to the bank. Chicago real estate valued at \$25,000 was also transferred. He reserved nothing but his home, in the name of his wife, and the old family homestead.

### TRAINMEN MAKE CHANGES.

Important Amendments to the Constitution Adopted at Toronto.

Toronto, Ont., May 22.—The question of reducing the representation in the grand lodge of the Brotherhood of Trainmen will be referred to the subordinate lodges. Changes in the constitution were still under consideration Friday. The most important action was reducing the age at which a member may be admitted from 21 years to 18 years. Another change was to shorten the time of service as trainmen before they will be permitted to join, from one year to six months. A new clause was also added to the constitution which provides that a death benefit may be issued to honorary members. Atlanta, Peoria, Chicago and other cities want the next convention.

## DR. RUIZ WAS SLAIN BY WEYLER'S MEN

### SPANISH BRUTALITY REVEALED IN CUBA.

Mr. Calhoun Said to Have Made a Startling Report—Spanish Authorities Have Hampered Him in Every Way—Victim was Struck from Behind.

Washington, May 22.—The state department has received, according to one of the minor officials, a semi-official report from Mr. Calhoun, who was sent by the president to Havana to make a special inquiry into the circumstances surrounding the death of Dr. Ruiz, American citizen, in the Guanabacoa jail.

The report is to the effect that Dr. Ruiz was murdered, though it will be impossible to establish this fact to the satisfaction of the Spanish government.

Mr. Calhoun has read the report of the autopsy made by Dr. Burgess, who says that wounds in the head could not have been inflicted by Dr. Ruiz himself. Dr. Ruiz was evidently struck from behind, probably with a bar of iron, which fractured the skull and caused hemorrhages.

The marks on the arm and body indicate that the murdered man in endeavoring to protect himself had received several of the blows on the arm which were intended for the head.

The report of Mr. Calhoun, it is said, goes further, and declares that the Spanish officials instead of doing anything to assist the investigation are placing every obstacle in the way and using every effort to so frighten the witnesses that it will be impossible to secure full testimony.

The result, Mr. Calhoun says, will be that the United States government will form an entirely different conclusion from that which will be arrived at by the Spanish government.

It is not likely that the official report of Mr. Calhoun will be received in Washington before the middle of next month.

### ARE FOR A GOLD STANDARD.

Executive Committee of the Sound Money League at Chicago.

Chicago, May 22.—Simultaneously with the appointment of vice presidents in every state of the union today the executive committee of the National Sound Money League set in motion a militant body to defend the gold standard. In reply to a call from the headquarters of the league, established at the Leland Hotel, the executive members gathered there on Friday to carry out plans projected at a convention of "sound money" men at the Chamber of Commerce, New York, last February. President George E. Leighton of St. Louis presided at the business meeting, which was held behind closed doors, at 11 o'clock. The vice presidents appointed in each state will be instructed to organize state leagues and spread the anti-silver gospel in every community.

The coming congressional election is the first milestone in sight so far as the present plans of the league go. A strong pull will be made to send enough gold men to congress to give that party control in the lower house. The silver men propose to take up the cudgel on the congressional subject when they meet here next month. It is expected that William Jennings Bryan will be here to advise his followers.

Action will also be taken by the committee on the appointment of a monetary commission to secure changes in the national currency system.

### SPAIN REJECTS THE OFFER.

No Intervention for Cuba Will Be Accepted.

Madrid, May 22.—Spain will not accept intervention by the United States in Cuban affairs. This official statement was made in the chamber of deputies Friday by Premier Canovas. It was coupled, however, with the assertion that the government relies upon the conservatism of President McKinley to offset any unfriendly acts of the American senate, such as the passage of the Morgan belligerency resolution, but plainly intimated that the government had up to the present time seen no occasion for alarm.

### James French Must Hang.

Rockford, Ill., May 22.—James French has been sentenced to hang June 11 for the murder of his wife. Friday pleas were made for a new trial but Judge Garver overruled the motion and pronounced the sentence. The Italians of Chicago raised some money for the defense of French, but there is none left, and no attempt will be made to get the case to the higher courts.

### Orleans Neb., Bank Fails.

Orleans, Neb., May 22.—The First National bank of this city closed Friday. The failure is attributed to slow collections. The bank carried notes of a great many farmers, who have thus far not been able to dispose of their crops to advantage. The capital stock of the bank is \$50,000. The bank holds \$20,000 of state funds under the depository law.

### Much Gold for Europe.

New York, May 22.—Lazard Freres, agents for the Bank of France, shipped \$1,200,000 in gold by the French liner to-day.

## DAILY BASE BALL REPORT

Results of the Games Played in the Various Leagues Yesterday.

Cincinnati made another strong finish yesterday and downed the champion Baltimore by one run. Boston kept up its good work and almost shut out St. Louis. Philadelphia lost again to Pittsburg, after tying the score in the ninth, and so vacated fourth place to Boston. The Phillies fell to sixth place, behind Cleveland, which remained stationary on account of the postponement of its game with New York. Louisville lost a hot game to Brooklyn, which is showing up well on its western trip. Scores:

At Cincinnati—  
Cincinnati ..... 0 0 2 1 0 0 3 \*—6  
Baltimore ..... 2 1 2 0 0 0 0 0—5  
At Louisville—  
Brooklyn ..... 2 0 2 0 2 0 2 \*—8  
Louisville ..... 1 2 0 1 0 0 2 0—6  
At Pittsburg—  
Pittsburg ..... 1 0 0 1 1 3 0 0 1—6  
Philadelphia ..... 0 0 1 1 0 0 0 3—5  
At St. Louis—  
Boston ..... 0 1 0 2 2 5 1 0 \*—11  
St. Louis ..... 1 0 0 0 0 0 0 0—1  
Cleveland, May 21.—No game; wet grounds.

Today's games: Washington at Chicago, Boston at St. Louis, Philadelphia at Pittsburg, Brooklyn at Louisville, Baltimore at Cincinnati, New York at Cleveland.

### Western League.

At Minneapolis—Grand Rapids, 14; Minneapolis, 6.  
At St. Paul—Indianapolis, 19; St. Paul, 13.  
At Kansas City—Detroit, 6; Kansas City, 2.  
At Milwaukee—Milwaukee, 9; Columbus, 8.

### Western Association.

At Peoria—Des Moines, 12; Peoria, 8.  
At Rockford—Rockford, 10; Burlington, 7.  
At Dubuque—Dubuque, 11; St. Joseph, 8.  
At Cedar Rapids—Cedar Rapids, 8; Quincy, 2.

### Michigan League.

At Saginaw—Lansing, 17; Saginaw, 8.  
At Bay City—Bay City, 4; Jackson, 2.  
At Kalamazoo—Kalamazoo, 6; Port Huron, 5.

### JAPAN DEMANDS DAMAGES.

Will Not Submit to Arbitration if Hawaii Refuses to Settle.

San Francisco, Cal., May 22.—The steamer Belgic brings advices from Honolulu to the effect that the resident Japanese minister visited the Hawaiian foreign office on May 11 and presented the correspondence received from his government per the Nanaiwa regarding the case of the rejected immigrants to Minister Cooper, but no action had been taken in the premises when the steamer sailed here.

It is understood the Japanese government demands damages from Hawaii for the refusal to allow the immigrants to land, and in the event of its refusal to pay the amount demanded will insist upon knowing its reason therefor.

Both Minister Shimawaura and Counselor Yami Akua are emphatic in their assurances that Japan will not submit to arbitration in the event of Hawaii's refusal to settle, but neither would commit himself as to what the Japanese government would do in that case.

### Fix Terms of Peace.

London, May 22.—A dispatch to the Daily Mail from Constantinople says: "The ambassadors will present a note to the porte embodying the terms of peace to which they will agree. The note will refuse to permit the abolition members of the conference. The next district conference will be held at that time when women be allowed to act as of the capitulations in the case of Greek subjects or the annexation of Thessaly, but will consent to a strategic rectification of the frontier, and an indemnity not exceeding 115,000,000 francs (\$23,000,000)."

### Marion Conference Has Closed.

Marion, Ill., May 22.—The district conference of the Methodist church south closed in this city Friday afternoon. Delegates and alternates to the annual conference to be held in Murphysboro next September were elected. A resolution was adopted recommending that women be allowed to act as members of the conference. The next district conference will be held at Baldwin. The general condition of the church, according to reports, is encouraging.

### Bryant's Statement Is Discredited.

San Francisco, Cal., May 22.—Absolutely no credence is given by either police, public or press to the sworn statement of W. T. Bryant, of the Colorado Soldiers' Home, in which he seeks to implicate Pastor Gibson in the murder of Blanche Lamont. It is supposed he is either demented or a crank with an abnormal thirst for notoriety.

### Mrs. Gougar Is Defeated.

Indianapolis, Ind., May 22.—The Supreme court Friday overruled the petition of Helen M. Gougar in her suit to compel the election officers of the precinct in which she lives in Lafayette to allow her to vote. This puts an end to Mrs. Gougar's efforts to demonstrate her ability to vote under the constitution of this state.

## CLUE IN CLARK CASE FOUND BY POLICE

### MILWAUKEE MURDER MYSTERY MAY BE CLEARED.

Think the Michigan Man Was Slain For Revenge, and Was Taken by Surprise by the Assassin—To Fight the Sash and Door Trust—Other State News.

Milwaukee, Wis., May 22.—The police have found a clue now that gives every indication of leading to the solution of the Clark murder mystery. It involves a woman, and the man in the case is also under surveillance. Everything done on this particular line of investigation has pointed to the conclusion that Clark was taken by surprise when he was murdered, and the discoveries already made seem to fit this new theory. The Masons have been hard at work, and the police and the sheriff's force are working independently of each other.

### Illinois Beats the Badgers.

Champaign, Ill., May 21.—It was with relief that 1,000 rooters left Illinois' field this afternoon when Umpire Jones called time with a score of 7 to 6 in favor of Illinois against Wisconsin. The game was splendidly contested throughout. Score by innings: Illinois ..... 0 1 0 2 0 0 4 0—7  
Wisconsin ..... 1 0 2 0 1 1 0 0 1—6

### Charge of Mismanagement Filed.

Milwaukee, Wis., May 22.—Charges of mismanagement of the Waukesha industrial school by the superintendent of that institution, J. G. Hart, have been formally filed with Gov. Scofield, and he has been asked to designate three members of the state board of control to institute an investigation in the matter.

## THE TEXT BOOK BILL PASSED.

Legislature of Michigan Decides Upon a Uniform System.

Lansing, Mich., May 22.—At every session of the legislature since 1879 a bill to provide for a uniform system of textbooks has been introduced, but the book publishers have always been able to defeat it until yesterday, when the senate passed a bill, which the house passed a fortnight ago. The bill is not all the friends of the system desired, as it exempts all districts adopting the free textbook system prior to Jan. 1, 1899, and also permits districts to vote themselves from under its provisions if they see fit to do so.

The house will consider the conference committee's report on the railroad tax question, which has been adopted by the senate, next week. It is doubtful if the two houses will agree or if Gov. Pingree will approve the bill in case they do so.

A bill agreed to by the house in committee of the whole provides a tax of one cent per gallon on all beer sold in the state, and both houses have passed a bill prohibiting the employment of barmaids.

### To Fight a Trust.

Oshkosh, Wis., May 22.—The United Wood Workers of the States of Minnesota, Michigan, the Dakotas, Illinois and Wisconsin will make organized resistance to the efforts of the sash and door trust, if one be organized at the Burlington, Iowa, meeting, to reduce wages and output. A boycott will be attempted on all goods not union made and the sympathy of the public will be enlisted in various ways. Numerous local committees will afford life to the movement and all other unions will be called on for aid.

### Two Bills Reported Favorably.

Springfield, Ill., May 22.—The compromise Yerkes franchise extension measure was ordered reported favorably by the house committee on judiciary. The vote was 19 yeas to 10 nays. Similar action was taken by the same body on a bill prepared by Chairman Allen to allow city councils to grant franchises for fifty years instead of for twenty, as at present. The vote on the proposition was 22 yeas to 8 nays.

### Condition of Illinois Banks.

Springfield, Ill., May 22.—The auditor of public accounts has received statements from all state banks showing the condition of the same at the close of business May 11, 1897. The tabulated statement shows an increase of \$10,167,512, or 7.2 per cent, in resources over the last reports, issued Feb. 13, 1897.

### Indiana Macabees in Session.

Elkhart, Ind., May 22.—The biennial convention of the K. O. T. M. of the State of Indiana was held here Friday, with the sixty-four hives of the state represented. The supreme officers, who were expected to be present, failed to arrive.

### Draper Pleads Not Guilty.

Jacksonville, Ill., May 22.—Charles L. Draper, the alleged murderer of Charles Hastings, was brought into Friday and was accompanied by his counsel, Col. Pat Dyer of St. Louis and Judge O. F. Thompson of this city. He pleaded not guilty. A lengthy argument was made for a continuance, and it was granted. Draper is looking well. Since his incarceration he has experienced religion and says he is ready to suffer the penalty of his crime.

## A \$5,000 VERDICT FOR MRS. SELLECK

### ANOTHER JUDGMENT AGAINST THE CITY.

That Her Husband will Recover a Like Amount is Quite Possible, and Then the Total Damage Suit Expense to Date will Be About \$25,000—Many Cases Are Pending.

May 15, 1888, J. B. Doe, Jr.	\$ 171.50
Sept. 1, 1888, Wilson Lane	746.80
Dec. 2, 1889, Fethers, Jeffris & Field	34.00
May 5, 1890, W. G. Wheeler	59.90
Nov. 1, 1890, Ed. F. Carpenter	108.60
Nov. 17, 1891, E. M. Hyzer	8.00
Nov. 30, 1891, E. M. Hyzer	38.00
Oct. 9, 1893, Dunwiddie, Goldin & Wheeler	627.65
Dec. 4, 1893, Fethers, Jeffris & Field	5,396.90
Mrs. Grundy's case	1,300.00
Nov. 20, 1894, Fethers, Jeffris & Field	5,396.90
Nov. 6, Sarah E. Joyce	1,300.00
A total of	\$13,778.33
Fethers, Jeffris, Field & Mount for Mrs. Selleck	5,000.00
Fethers, Jeffris, Field & Mount (in prospect) for Mr. Selleck	5,000.00
Costs, estimated two cases	1,000.00
Total to date and in sight	\$24,778.33

The above figures complete the city's damage suit accounts up to date. The figures from May 15, 1888, to November 6, 1895, are taken from Mayor Thorogood's message. But that is not all. There are other cases.

#### Suits Now Pending.

They are:  
Anna Collins vs. City of Janesville, supreme court, Wisconsin.  
Patrick Collins vs. City of Janesville, Dane county circuit court.  
Alfred Selleck vs. City of Janesville, Rock county circuit court.  
Mary Gagan, vs. City of Janesville, Walworth county circuit court.  
Simon Gagan, vs. City of Janesville, Rock county circuit court.  
Victoria Hyer vs. City of Janesville, Dane county circuit court.  
Frederick Hyer vs. City of Janesville, Rock county circuit court.  
Rebecca Miller vs. City of Janesville, Rock county circuit court.  
Hannah Pickering vs. City of Janesville, Rock county circuit court.  
This list was also furnished by Mayor Thorogood in his message and suits are pending in the courts mentioned.

#### The Selleck Case Verdict.

It only took the jury an hour to decide yesterday afternoon that Mrs. Alfred P. Selleck should have \$5,000 damages for injuries sustained by a fall on the sidewalk at the corner of Milwaukee and River streets. The jury was composed of George H. Davey, Urban Gleason, David Conger, H. A. Finch, Homer Paul, H. A. Taylor, Edwin Hubbell, Charles S. Boynton, Simon Simmons, Leonard Williams, Adam Thornburn and F. H. Gifford. The case was left in their hands at 4:45 o'clock and at 5:55 they returned a verdict giving the plaintiff the full amount of damages asked.

The case of Alfred P. Selleck, husband of the plaintiff in this action, against the city, will come up at the next term of court.

#### Where the City Was Lame.

The fact that it was brought out that the repairs would have cost less than \$5, and that the city had the authority to make them without consulting the property owners, but did not, that also carried much weight with the jury, it is said.

The case will go to the supreme court, in all probability.

That Mrs. Selleck is in a very serious condition, there can be no question, but the question of whether or not the city was liable, was held to be another matter. The jury, however, decided, that the city was liable, to the \$5,000 will have to come out of the city treasury unless the supreme court looks at the matter in a different light.

Damage suits are an expensive luxury, and all vigilance should be used to keep sidewalks in repair. Citizens who notice a defective walk should at once notify the authorities and prompt action should be taken. \$5,000 economically spent on the streets, for instance, would yield far more satisfactory returns than \$5,000 spent in paying a judgment.

This seasons patterns of road wagons and open rigs are decidedly handsome, especially the one shown by F. A. Taylor.

Your lace and Chenille CURTAINS cleaned or dyed like new. Dye Works.

Awarded Highest Honors—World's Fair.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.  
40 Years the Standard.

## SUMMER SUITS, LIGHT COLORS

Hints About 1897 Fashions Drawn From J. T. Zeigler's Stock of Clothing.

The description of the extent of T. J. Zeigler's stock in last evening's Gazette leads to the thought that the business of clothing has been revolutionized in the last three years. It is no longer true that the man who is particular as to his personal appearance can not be suited in ready-to-wear goods.

"I have heard that before" says somebody skeptically as he looks at himself in the glass and sees how his ready-made coat slips down at the neck or draws round the shoulders. That man possibly had experience with small stores or with large stores having small stock.

He thinks that he cannot be fit and that nothing short of a custom-made suit at \$35 to \$40 will accommodate itself to his personal peculiarities.

The fact remains that in a stock as large as Zeigler's almost every man can be fitted and fitted with the same size and shape that would be cut for him it made by his tailor.

In the progressive clothing store of today the suit is presented to the customer just as it would be at the custom tailor for a "last try on."

Nine times out of ten there are no changes needed; the skill of the cutter has provided for the particularities of different physical make-ups, and the suit has a hang and balance that the best custom tailors were formerly unable to guarantee. As said before this is nine cases out of ten. In the tenth case a slight alteration, perhaps the drawing in of a sleeve or the raising of a shoulder seam makes everything satisfactory.

A great many people find difficulty in judging from a small sample or even from a piece how a suit will look when made up. A piece of goods in the roll is one thing and cut into a sack coat is quite another, as they have found to their sorrow. Moreover, some have found that there is a chance for grief when the question of fit is entrusted to the average custom tailor. The man who has taken home a poorly fitting custom suit, marred perhaps by a mistake in only one or two points, not seriously enough to justify rejection, is very apt to make up his mind that hereafter he will obtain a suit where he can satisfy himself as to its fit before he incurs any obligation for it.

Right there is where extensive clothing stores like Zeigler's find their greatest opportunity. The man who is looking for a business suit and has not made up his mind whether he prefers envious, serge, worsted or cassimer for summer has a chance to try on garments of every sort—garments that fit him and that give him the opportunity to compare the effect of weave and pattern. For example one lot was chosen at random in Zeigler's today. All the six suits in the pile were of the round cut sack pattern with straight back. The first was of cheviot in almost indistinct broken plaid, the color was the new brown with the slight mixture of old gold and a single thread of dark green. The coat lining and back of vest were of Skinner's silk in shade to match. There was satin under the collar and the facing was wide. The trousers had side pockets and were made without waist bands after the latest custom fashion and the back pockets were neatly piped with silk.

The other suits in the lot were similar in finish to this one. One showed a neat dark check with an occasional wine colored thread scarcely perceptible but which made the effect very dressy. Another was a dark gray broken plaid worsted. A very small check was shown in light colorings. It had an almost indistinct check, the colors being brown and gray. An important check showed the new brown plaid in light colorings and there were worsteds in neat dark broken plaids of black and blue.

Suits like the half dozen that chanced to be picked out by the reporter made it manifest that only the hypercritical need have any trouble in being fitted in made-up clothing. Tailored as these were by the best of Henry W. King & Co's special order department tailors there was no difference to be seen between them and the best work of the custom shops.

As suggested by the description of the suits just given, the sack is the reigning favorite this year and it bids fair to continue to be when the wants of the business man are being supplied. No other suit is as suitable for street and office wear, and it may be made dressy enough for any occasion.

It was when the clothing store touched the subject of evening suits however, that it made possible the greatest saving. The merchant tailor who demands \$40 for a Clay worsted cutaway, on the plea that no ready-made suit in black can look presentable, finds his argument answered off-hand by the goods put out by the goods put out by the scientific cutters in the three or four leading clothing houses of Chicago and New York. The three button cutaways shown at Zeigler's this year have all of the much appreciated niceties of finish such as the single stitched edge, the wide facing of satin under collar and are tailored as carefully as any custom suit. When all these advantages can be enjoyed and at the time a saving of \$15 or \$20 on a suit be made few people are likely to hesitate over such bargains. Such savings as these, however, are held out to customers on every hand. It is even held to foolish to pay \$50 in these days for a dress suit inasmuch as the artistically designed and carefully cut dress suits of crepe cloth, worsted or broad cloth at \$25 and \$30 defy criticism.

The lack of space forbids further mention of the points of the Zeigler

assortment of suits but reference will be made later to the advantage of the store as a supply center for summer wear, mens furnishing, haberdashery and childrens clothing.

## A PAST GRAND OFFICER HERE

Olive Branch Lodge Entertained a Distinguished Guest Last Night.

Fred M. Lloyd, Past Grand Master Workman of the jurisdiction of Minnesota, was present at the regular meeting of Olive Branch Lodge No. 36, Ancient Order of United Workmen, at Liberty hall last night and made an address. A delegation also came from Beloit, the party including: J. A. Love, A. B. Leffingwell, O. G. Smith, E. F. Hansen, C. Kulebush, C. Frederick, S. Pratt, L. Moses, H. Anderson and W. Austin. At the conclusion of the meeting the visitors were escorted to the Hotel London, where a luncheon was served.

## FIRST REGIMENT'S REUNION.

The Soldiers Will Gather At Monroe On July Fourth.

Plans are being made for holding a Fourth of July celebration in Monroe, one of the features of which will be a reunion of the First Infantry, Wisconsin National guard. It has been several years since there has been a reunion of the First and the officers were anxious to have a reunion this year. Almost \$1,000 has been guaranteed by the business men for the celebration. The adjutant-general has given his consent to have the companies called out.

## TO VACATE OLD QUARTERS

Whittaker & Harvey to Move Across the Street From Present Stand.

After being used for over twenty-five years as a barber shop the store at No. 12 North Main street now occupied by Whittaker & Harvey is to be vacated. The shop was first opened by Harry Anderson, who is now located in Chicago. Whittaker & Harvey are soon to move to new quarters at 15 1/2 North Main street across the street from their present location.

## MAY RUN THE CARS BY MAY 30

Masons Complete The Work on The Power House and Barn.

The masons completed their part of the work yesterday on the car barn and power house of the Janesville street car line. It now begins to look as if the cars would be running by the 30th of this month. The car barn is all completed with the exception of the laying of tracks into the barn, but considerable work must yet be done on the power house.

## THE PROGRAM FOR TONIGHT.

DAUGHTERS of Rebekah, "The Octoroon" at the Myers Grand. UNITED Commercial Travelers' association. For Sunday Afternoon. Y. M. C. A. meeting.

## NEW CARLOAD RATE ON C. M. & ST. P. LINE

CHARGES TO BE BASED ON CUBIC SPACE.

Heretofore Shippers Have Been Charged Difference Between the Minimum Weight Allotted to the Car and the Consignment's Actual Weight—Change Will Be of Great Benefit.

The Chicago, Milwaukee and St. Paul railroad has given notice that it will experiment with tariff rates based on the cubic capacity of freight cars, thus doing away with what is known as the "minimum scale," according to which a car cannot be loaded below a certain amount without paying the difference between the minimum weight and the weight with which the car is loaded.

The minimum weight has accordingly necessitated use of large cars for light goods and the roads that do not use the large sized freight cars are under a great disadvantage. But with the new plan of a tariff rate according to the cubic capacity of the car this unjust discrimination, it is said, will be prevented. This tariff is to apply only when cars furnished cannot be loaded to the established minimum weight, and charges must be based upon the maximum capacity in cubic feet of the car loaded whether the entire space be occupied or not, subject to a minimum charge based upon the actual weight at the carload rate in cents a 100 pounds.

It is the intention that this new rate shall go into effect throughout the country and a number of western lines have already adopted it. It will go into effect on the St. Paul railroad within ten days.

If a company is unable to furnish cars which will carry the minimum weights, the largest available can be used, and if the actual weights loaded are less than the established minimum, charges should be assessed on mattresses, woodenware, vehicles or feed cutters at 0.921, 1.000, 1.263 or 1.579 cents per cubic foot respectively, computing the charges upon the maximum capacity in cubic feet of the cars so loaded, subject to a minimum charge of the actual weight at the carload rate in cents a 100 pounds.

"The change will be of great benefit to shippers," said a local employee today. "And they will doubtless appreciate it."

## SAD FATE.

The New York newspapers recently published the details of the suicide of a society woman who became crazed by headache and drowned herself in the harbor. What a sad end to a life that ought to have been completely happy!

Doubtless because advanced science could have saved her! Munyon has a specific for all kinds of headache, which cures in three minutes and leaves no depressing effects. One or two doses will stop Sick Headache, Neuralgia, Headaches from Indigestion, Nervousness, Overwork, Colds, Intemperance, or Railroad or Ocean Travel.

In striking contrast to the above sad case is that of Mrs. E. Hardin, 3369 Germantown Avenue, Philadelphia, Pa., wife of the Clerk of the Board of Education, who says: "For thirty years I suffered with sick headache, which appeared in attacks of severe pain, so intense that I was obliged to remain in bed for days at a time. These attacks appeared almost every week, and at no time did I ever receive relief, although I consulted the most skilled physicians in the city. The headaches seemed to wear themselves out and then commence anew. At last I was induced to try Munyon's Headache Cure. The relief was magical and almost instantaneous. I followed up the treatment and was completely cured—for three years have passed and I have had no return of the headache. I have recommended Munyon's remedies to a number of my friends, and I have received their most sincere thanks for many wonderful cures that have been accomplished by these little pellets."

Professor Munyon has a separate specific for each disease, the only logical system of medicine.

# THE OVERFLOW OF LOCAL NEWS.

## TO SURRENDER MEMBERSHIP

C. M. Cottrill Discusses Liability of Life Members.

There is a growing disposition on the part of the life members of the State Agricultural society to withdraw from the society as long as they can, and the prospects are the list will be greatly reduced before the date arrives for the opening of the annual fair next September. The opinion of many of these members is that they are really liable for any debts in the way of current expenses that the society may contract. Heretofore the state of Wisconsin has taken care of these obligations with very convenient appropriation bills that have been passed through the legislature. The temper of the last legislature on this point leads the members to anticipate this policy will no longer be continued and they will themselves have to make good any deficiency that may result from the next fair.

"I am a life member in the Agricultural society," said C. M. Cottrill of Milwaukee, yesterday, "but I shall surrender my membership. I shall resign if two lawyers that I have consulted can draw my resignation in legal form. They are working at the document now, I suppose. If they can't do it, I shall try my hand at it. They are two leading lawyers of this city who are life members, and they are not going to take any chances but are going to resign, and I prefer to follow their example. I can draw my own inference from their action. There is a moral obligation on the life members to pay these debts, but whether it is a legal one or not I can't say. I don't see why it should be as the society is incorporated. Anyway, I feel as if I would pay a moral obligation when possibly I might fight a legal one."

## THE COMMITTEES ARE NAMED.

Arrangements Being Made For the Patriarchal Circle Session.

Committees to take charge of the meeting of the seventeenth annual session of the Supreme Temple of the Patriarchal Circle of America which will be held in this city on July 14, 15 and 16 have been appointed as follows:

Richardson's.

Misses and children's oxfords sizes 8 to 2; 50 cents to 90 cents a pair.

Richardson's.

\$3.00, \$4.00 and \$5.00 ox blood shoes for \$2.50. Saturday only.

Richardson's.

The Wellesley players go from here to Chicago, where they will play at Hopkins' theatre.

Mrs. George Strow of Portland, Oregon, is the guest of Mr. and Mrs. Edward Smith, 55 Dodge street.

F. A. TAYLOR is having a great run on road wagons. His special sale at very special prices takes exceedingly well.

The program committee for Memorial day observance will meet next Monday evening to arrange the program.

Last night of the Marie Wellesley's Players at the Myers Grand opera house. Someone gets a \$60 wheel tonight.

A MEETING of the joint committees for the observance of Memorial day will be held at the council room this evening at 9 o'clock.

A LADY's or man's high grade bicycle free; with every 50 cent tea or coffee purchase you get a numbered coupon. Sanborn's.

Mrs. C. J. BLAKELEY is home from Evansville, where she paid an official visit to the Daughters of Rebekah.

Mrs. Blakeley is the state president.

The regular semi-monthly meeting of America Lodge No. 26, Daughters of Rebekah, will be held at Odd Fellows' hall, North Main street, this evening.

A DELEGATION from the Evansville Rebekah Lodge will visit the Janesville lodge this evening. Members of the Janesville Lodge will come prepared for supper.

THE best that money can buy is the Libby Out Glass. This trade mark out on every piece is a guarantee of satisfaction. Be sure to look for it.

PURCHASE your tea and coffee at Sanborn's and get a ticket on the bicycles, look for particulars. Every 50c tea or coffee purchase gives you a ticket on the bicycle to be given away at Sanborn's.

FIRST class black bass, pike and pickerel fishing is reported at Lake Koshkonong. The Elm Park Hotel is a very desirable hostelry for people who wish to spend the day at the lake. Boats and appliances of all kinds, for fishing parties, are at hand.

Landlord Barber makes a specialty of Sunday dinners, and accommodations are first class.

## SHE GAVE A BICYCLE PARTY

Miss Reynolds Entertains in Honor of Her Birthday.

The first bicycle party of the season was given last evening by Miss Carrie Reynolds at the Prospect avenue home of her parents, Mr. and Mrs. Harry Reynolds. The event took place at 6:30 o'clock and was in honor of the fourteenth birthday of the hostess. After a run of four miles the cyclists were served with frappe and wafers in the parlors, the rooms being handsomely decorated with tulips and sprays of wild flowers. The guests were:

Misses—

Camille Frickard, Genevieve Gage,

Vera Cook, Leola Phillips,

Sarah Gosselin, Edyth Reynolds.

Masters—

Millard Ide, Archie Randall,

Henry Decker, Louis Gage,

Leonard Fardy.

## PEOPLE HAVE NEW WHEELS.

HAROLD HALL rides an Imperial.

MISS MYRTLE has a new bicyc.

EDWARD C. BAUMAN has a Fenton.

FRED TAYLOR expects to invest in a wheel.

MISS MILDRED CHITTENDEN owns an Arabian.

MISS SARAH MURPHY has purchased a Thistle.

MISS Mable Jackman has purchased a new Victoria.

DR. James Gibson may now daily be seen on a wheel.

WALLACE CARRIER contemplates the purchase of a wheel.

CHIEF of Police Hogan says that riding on walks must cease.

FRED P. KING will soon enter the ranks of the wheelmen again.

A NUMBER of the Coterie club expect to speed Sunday in Milwaukee.

LANDLORD Fred Jones is taking a series of lessons at the race track.

HORSE owners are complaining that cyclists are too numerous at the local race track.

ORION SUTHERLAND and J. G. DeLong expect to attend the state bicycle meet in Racine on July 1.

## A FREE BICYCLE.

Sanborn Will Give Away a Lady's and Man's Wheel.

Two handsome bicycles may be seen in Sanborn & Co's display window, but they are not for sale; much better than that, they are to be given away. The plan is this: With every 50 cent purchase of tea or coffee, a numbered coupon will be issued, and after the limited number, which has been provided are disposed of the person holding the lucky number has the choice of either bicycle, the wheels are both high grade and machines that any one could well feel proud of securing. Quality in teas and coffees is not to be sacrificed in the least, the same goods for which Sanborn has acquired such a reputation will be sold at the same low prices and it is expected the giving away the wheels act as a drawing card to trade. Don't fail to secure a ticket with your coffee or tea purchase.

When bilious or constive, eat a candy cathartic, cure guaranteed, 10 and 25 cents.

## SOMETHING NEW.

A Scientific and Medical Novelty.

There has just been published a very unusual and valuable little book entitled "WHEN AND HOW," a copy of which should be owned by every family and carefully preserved.

The book is unusual because, in addition to being the best hand book on health that we have ever seen, it is also a guide to the use of a new and complete line of the latest and most valuable remedies known to the "regular" medical profession.

The "regular" profession means the Allopathic school of medicine; and these remedies are scientifically prepared from the latest and best prescriptions of the leading Allopathic physicians of Europe and America. They are put up in tablet form, placed in colored glass vials and hermetically sealed, so that their curative properties are preserved for years, unaffected by light or air.

These medicines, "Chauncey's Pocket Prescriptions," contain no morphine, strychnine, chloral, cocaine, arsenic, or other irritant poison in any form, are perfectly safe to use by anybody at any time, and cost but 25 cents.

This combination of the best scientific results in the production of the remedies together with the most advanced medical knowledge in the preparation of the book "When and How," offers new and great advantages to those who call in an Allopathic physician when they require the services of a doctor. It enables them to do their "home doctoring" in an intelligent, safe and efficient manner, and in their own "school" of medicine.

Anyone who will examine the book will be convinced by the spirit of candor which pervades it that it is as safe as it is valuable—in both respects a decided novelty. Moreover it does not contain a line of objectionable matter.—The Latest Medical News.

"We have made inquiries here and find that with customary enterprise an agency for these remedies has already been secured by E. O. Smith & Co., next to postoffice, who will be pleased to present a copy of the book, "When and How," free, to any one who will call and ask for it.—Ed.

## Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is the remedy. Sold by E. B. Helmsstreet, druggist, Janesville, Wis.

## TERRIBLE TORTURE.

The Indian Heartless in Inflicting and Calm in Undergoing Physical Pain.

Reared as they were to a life in which sickness was almost unknown, the Indian did not realize the meaning of pain, or anticipate it and suffer as we would do under similar circumstances; and then, too, when sick or wounded to a point where death would be a certainty with us, they could be brought back to life by nature's own remedies, which acted in the most wonderful manner on systems unharmed by injurious drugs. The tribe greatest skilled in the use of Indian medicines has ever been the Kickapoos. For such ills as they encountered they used such specifics as they alone knew how to prepare, for instance:—

The KICKAPOO INDIAN Worm Killer, for Worms.  
The KICKAPOO INDIAN Cough Cure, for Coughs, Colds, Hoarseness, Sore Throat and all Lung complaints.  
The KICKAPOO INDIAN Salve, for Cuts, Bruises, Burns, Etc.  
The KICKAPOO INDIAN Oil, quick cure for all pain.

The KICKAPOO INDIAN SAGWA

for all diseases resulting from a deranged condition of the kidneys, liver, stomach and blood. All of these are purely vegetable and are made and sold to-day throughout the civilized world, exactly as they were centuries ago, when they were made by the Indians of roots, barks, herbs, gums and leaves of their own gathering, and each absolutely infallible for the cure of such disorders as they are intended for. All druggists sell them.

## THE JANESVILLE GAZETTE

Entered at the postoffice at Janesville, Wis., as second class matter.

## COAL IN THE WISCONSIN MARKETS.

The high price commanded by anthracite coal last winter and the prospect of a maintenance of those figures during 1897 '98, renders the anthracite situation of interest to practically every family in Rock county.

F. B. Phelps, of New York, who is visiting in this city, has made a specialty of the coal news of the east, paying particular attention to its bearing on financial matters. At the request of The Gazette, he has written the following general outline of the status of the business, making reference to those points which have a bearing on the western market:

I think it may be assumed without fear of contradiction that there is no in the United States today any aggregation or combination of capital engaged in a business that has stood the test of time, which has for its policy a permanent advance in the price of the commodities which it handles. There have been many number of genuine trusts at different times during the past ten years, but each has in turn joined the silent majority. Those industrial concerns which are today alive, active and healthy, are those which have not only cheapened their products to the consumer but which have increased the quality. Forced or fictitious advance in prices inevitably promote sufficient competition to create a reaction and restore equilibrium.

The anthracite business is no exception. There have been within the recollection of the writer no less than three determined attempts to form a coal trust, every one of which were attended with utter failure. The present moment among the so called coal barons for the promotion of greater revenues, has not sufficiently developed to permit of a definite statement as to its character. However, it is safe to assume that no policy will be adopted at this late day that will invite a recurrence of past failures.

Since 1894 the anthracite industry has felt the business depression in common with almost every other enterprise. In 1895 the lowest prices ever received for coal were established. Many of the interests engaged in the business were threatened with bankruptcy.

Towards the last quarter of that year it became evident that to avert disaster certain remedial measures must be applied. The demoralization was promoted largely by determination on the part of some few producers to increase their outputs at the expense of competitors without regard to price and in total defiance of the law of supply and demand. The first step in a policy of reconstruction was naturally an understanding as to the per cent of coal which each interest should mine, compared with the total. After a protracted series of meetings a basis was adopted and became operative Feb. 1, 1896. During that year there was a moderate and steady improvement in the business and an increase on the average of thirty cents per ton in the prices derived from the sale of the commercial sizes of coal.

Thus far in 1897 the gains of the year previous have been held and coal is selling wholesale at tidewater at about \$1.05 per ton basis of stove sizes, and at \$5 to \$5.25 in Chicago. This figure is higher by several cents than any which has been received at this season in about six years. If it is maintained throughout the year the average will compare very favorably with a normal period. If it is increased as seems likely the average will be higher.

There are engaged in transporting coal from the mines to consuming and distributing centers eleven different interests, all but one of which do a railroad business. The total anthracite shipments each year are handled by these different corporations. They are the Reading, Lehigh Valley, Jersey Central, Lackawanna, Delaware and Hudson, Pennsylvania Railroad, Pennsylvania Coal Co., Erie, Ontario & Western, Cox Bros. & Co., Limited and the Susquehanna & Western. Each of these has accepted a percentage of the total output. The demoralization which existed at different times in the past was due to large lots of mined coal that had to be realized upon in order to save demurrage and storage charges. Moreover, it has frequently been necessary to sell to secure funds to meet running expenses. The interests decided to restrict production during the first half of the year when prices were naturally the lowest and run full capacity during the fall and winter months when demand is always the greatest and prices are the highest. In pursuance of which they have thus far in 1897 produced between 2,000,000 and 3,000,000 tons less than during the corresponding period in 1896. This has enabled them to obtain much higher figures this year than last, as noted preceding, and will undoubtedly result in somewhat higher quotations before the end of the year. This harmony of action which is placing the industry on a stable basis due to a plan that is being put into execution by J. P. Morgan & Co. and the First National Bank party of New York, who are believed to have the assistance of the Vanderbilts. The financial necessities of certain of the properties have forced them into the hands of the bankers. Certain of the other interests have been acquired in part. As a result fully 90 per cent. of the total producing capacity is owned or controlled by these capitalists. It is generally understood in financial circles that there is to be no attempt at a pooling arrangement nor any effort to emerge the capital of various concerns into one corporation. It is ex-

pected that each company will be run independently of the others on orders received from its owners. It is needless to say that these orders will harmonize and that the policy of each interest will be the policy of the whole. Right here appears the vital phase of the situation from the consumer's standpoint. There is no question that these magnates have the power to temporarily place prices where they please, but it is equally as certain that eventually prices will be determined by the law of supply and demand. Hard coal has a very lively competitor in soft coal and coke and to quite an important degree in oil and gas. A spring price of \$4.00 per ton for stove coal in the east and \$5.00 at Chicago has undoubtedly driven quite an important clientele to use of substitute fuels. This diversion has been all the more inviting of late because of the cheapness of substitutes. It is certain to become still more pronounced should the price of coal advance greatly over present figures. At just this time the transporting interests have control of all the coal produced on their lines. They are rather arbitrary in handling tonnage of independent mine operatives. In order to advance the price beyond present figures they will be forced to continued restriction. The inevitable effect of high prices is an increase in the output. Should the demand for transportation be refused or only partially met the Interstate Commission would be appealed to.

I have talked with most of the executive officers of the various railroad companies engaged in this business and find a unanimity of opinion to the effect that it would be dangerous to the welfare of their interests to advance the price of coal beyond a figure that would yield an average of \$4 per ton tidewater on all prepared sizes. With this average, fair returns could be made on capital invested and the consumer would not be made to suffer. At present not one of the railroads enumerated preceding is paying as large a rate of interest on its stock as in 1895 and of the eleven, five are not paying any interest.

It is rather a peculiar fact that the territory which draws upon the distributing centers, Milwaukee and Chicago, for its coal supply, paid in 1896 a price which was proportionately higher than that paid in any section of the country. It is difficult to explain this in any other way than through the assumption that it is due to the small amount of total tonnage that is consumed in the Western states. The territory west of the Alleghanies and north of the Ohio river consumed but 14 per cent of the 1896 shipments. Only about 2,000,000 tons of hard coal went to Chicago of which only about one third of a million tons were reshipped. The shipments to Milwaukee were 648,000 tons, fully eighty per cent of which was consumed in that city. Rail and lake rates to lake distributing points were comparably stiff the year through. This together with the small tonnage to be divided, and the fact that the coal for warded to the west during lake navigation was only sufficient to meet estimated demands, deterred the interests from open competition. The average price realized by the mining companies for coal at the mines last year was \$1.60 per ton. This figure virtually stands for royalties, interest on plant investments, betterments, wages, and all other operating expenses and profits. The freight rate from the mines to Buffalo is \$2.25. The lake rates are very low at this season, approximating 40 cents. This makes a cost of \$4.30 delivered in Chicago against a selling price of \$5.00 out of which must be deducted dockage and all other handling charges. The only profit that is at all large is the freight rate from mines to Buffalo.

The transporting company is usually the mining company so that in reality this charge is about the only one in which there is any profit on Western business. Western trade has never been regarded as inviting and there are at least two of the large concerns which make no pretence of doing a western business. I do not expect to see more than 50 cents per ton added to the actual price a ton of coal in the East and it is doubtful whether the Chicago price will be advanced more than that figure, making the latter \$5.50 at \$5.75 or possibly \$6.00. Six dollars was the maximum figure in Chicago last year. Those local dealers who lay in a stock early will be in a position to sell some cheaper than those who buy at the end of the season.

\$2.50 special sale at Richardson's only.

## THE BOSTON STORE.

## BEDRIDDEN.

## FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Case.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind. Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to any expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

MRS. M. C. HINKLEY.  
There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without griping and restoring natural action to the bowels.  
The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

## TO INSPECT PLANTS OF THE BOWER CITY

ASSISTANT INSPECTOR WILLIAMS IS HERE.

The Reports Made Up This Year Will Be Unusually Complete, and Cover Many Points Not Touched Heretofore—Says Business Conditions are Improving Throughout the State.

J. J. Williams of Marshfield, Wis., assistant state factory inspector, is in the city for the purpose of inspecting the Janesville institutions. It is the duty of Mr. Williams to inspect the factories, churches, schools and opera houses relative to their sanitary condition, the number of people employed in the building, the protection afforded against fire, the amount of wages paid, the value of manufactured product of the factories, the value of the raw material used, etc. The information secured by Mr. Williams with that obtained by state factory inspector Henry Fisher of Milwaukee, furnishes state labor commissioner Erickson and his assistant, Charles Lewiston, with the material on which he bases his biennial report. Instead of devoting the greater part of two years to the gathering of the statistics as has been the custom heretofore, Inspector Fisher and Assistant Inspector Williams will finish their labors by the close of this year if such a thing is possible. Mr. Williams' territory comprises all the cities lying south of a parallel line drawn across the state, just below Fond du Lac, while Mr. Fisher's work is confined to the cities, towns and villages lying north of this imaginary line.

Report Is Very Complete. The report being taken by the inspectors this year is more complete than in previous years. In addition to the questions generally asked the blank reports contain many new ones, among them being the following: "Is the plant running or idle?" "If running, is it on full or part time?" "Hours per week running full time?" "Number of hours per week at date of inspection." "Females employed at date of inspection." "Number of children between the ages of fourteen and eighteen employed." "Are the doors locked or bolted during working hours?" "Are all machinery, vats, pans, etc., properly guarded?" "Are suitable wash rooms and water closets provided?" "Total value of goods manufactured in 1896." "Total value of raw material used in 1896." Total amount of wages, mechanics, operatives and manual workers paid in 1896."

Janesville people will find Mr. Williams a very pleasant man to meet, and need not fear to entrust him with all information possible.

Business Picking Up. Although the times are hard and a general panic has existed all over the country, Mr. Williams found that industries were doing nicely and from conversations with proprietors he ascertained that business was improving and that the outlook was bright all over the state.

"I find that manufacturers are hopeful," said Mr. Williams, "and their business feels the impetus of their confidence. I have just finished my work at Racine and Kenosha," he continued. "The people of Kenosha are very much alive, and all of them met me with a good word for their town."

Mr. Williams will be here, probably, for several days.

## 'CAMILLE' WELL PLAYED.

The Wellesley Players Presented a Large Audience Last Evening.

Marie Wellesley's players presented "Camille" at the Myers Grand last night and had the audience of the week. Miss Wellesley took the leading part and carried it out with exceptional finish and grace. Richard Obee, as Armand Duval won new laurels. The other members of the company made excellent impressions and in fact the production was all that could be desired. The Wellesley company is an excellent one and fully entitled to public confidence. The matinee bill this afternoon was "The Poodle and the Baby." The engagement will close this evening with the production of "The Octoroon." At the close of the performance a \$60 bicycle will be given away.

## A FARMER DIES SUDDENLY.

Joseph Dostader, of Tiffany If Summoned Without Warning.

Tiffany, May 22—Joseph Dostader, an old and highly respected resident of La Prairie, died suddenly of heart disease on Friday night at about 12 o'clock. He had been in poor health for some time, but immediately fatal results were anticipated. He leaves a wife and three children. The funeral will be held on Sunday at 11 o'clock, probably at the house.

## AN OLD MAN IS CARED FOR

John A. Stevens Now Resides at the County Poor House.

John A. Stevens, a man over seventy years of age whose health prevents him from doing anything to make a living, has been removed to the county poor house by Poor Master Keryon. Mr. Stevens said that for the past dozen years he has been aimlessly wandering about the country "doing the best he could." An effort to locate his relatives will be made.

REGULAR 25 cent gallon can of Batavia or monarch apples for 20 cents. At Sanborn's.

## A COLUMN OF LOCAL GOSSIP.

HIGH grade lady's or gentleman's bicycle to be given away with tea or coffee at Sanborn's.

T. P. BURNS is offering some excellent value in fast black ribbed cotton hose at 5c, 10c, 15c and 20c.

CRAMER DOTY will sing at Mrs. Day's recital, to be given at the Myers Grand, Monday evening May 31.

HAMMOCKS—A complete stock at from 90 cents up to \$3. at Sutherland's book store. Best stock in the city.

We can sell you this season as good a fan for \$1.00 as you paid \$1.50 to \$2.00 for last year. Bort, Bailey & Co.

THE City Bottling Works, No. 47 North Main street, has been sold by Michael Rappold to Wikofus & Davidson.

RENTSCHLER Bros. will do the decorating, and Fred Taylor will serve refreshments at the May party Tuesday, May 25.

JEFFERSON Juniors beat the Spring Brook Whirlwinds 5 to 3. The battery for the Jefferson Juniors was Bogardus and Fardy.

INCREASE your purchase of tea or coffee to 50 cents and get a ticket on the bicycle we are to give in a short time. Sanborn.

FAN of all descriptions every color and tint in all the 1897 creations, at half to two-thirds last season's prices. Bort, Bailey & Co.

REHEARSALS for Mrs. Day's entertainment are progressing finely, and the programme promises to be one of unusual interest.

PASSENGER traffic on the St. Paul road will be much larger during the month of May, 1897, than it was for the month of May, 1896.

THE case of F. A. Baker against C. H. Wilder is on trial in the circuit court. The jury has been waived and the court is trying the case.

WILLIE FARRELL has secured a position at Oconomowoc, in the barbershop patronized by Phil Armour, Washington Hesling and other notables.

THE Palace of Sweets, 19 North Main street, opens this evening. A dish of ice cream and fine bakery goods will be given to each lady calling.

MUNGER! Munger! Munger! Buy 50 cents worth of tea or coffee and get a ticket on a ladies' or gents' 1897 bicycle. We give the wheel with 800 tickets.

BUY 50 cents worth of tea or coffee of A. C. Munger and get a ticket on a ladies' or gents' 1897 Lakota wheel, no better made. Given away with 800 tickets.

REX flour has made many homes happy but, but probably the happiest will be the one holding ticket 98 which takes the ladies' \$25.00 gold watch. Winslow.

CHEAPER than bringing your own can to town and getting it filled with gasoline, are these five gallon galvanized cans with faucet filled with gasoline for \$1. The can alone is worth \$1. We have sold six or eight dozen within the last few months. Sanborn.

W. F. HAYES, the eye expert, goes to Fulton tomorrow to fit several pair of glasses by appointment. People who have been unable to get to Janesville to see him. Mr. Hayes is enjoying a very fine optical trade and his reputation for scientific work is steadily increasing.

THE annual meeting of the Woman's Foreign Missionary society for Janesville district will be held at Palmyra on Tuesday afternoon and Wednesday of this week. Trains carrying delegates will leave Tuesday morning at ten o'clock from the Chicago, Milwaukee & St. Paul station.

COLONEL and Mrs. E. O. Kimberley returned home this morning after attending the state G. A. R. encampment of Eau Claire. Col. Kimberley's singing brought him words of praise from all sides. He sang for the Woman's Relief Corps at the encampment and at the banquet.

IN the cities, red is the fad. Anticipate it here by being the first to wear one of those nobby red waists now shown by our department. Excellent values at \$1 and \$1.39, with detachable collars and cuffs either of the same waist or white. Notice the red window this evening. Archie Reid & Co.

## WALKS HALF A MILE WITH ARM CRUSHED

PAINFUL JOURNEY MADE BY MAT. SHEEHAN.

Freight Train Had Mangled Him So Badly That the Member Had to Be Cut Off at the Shoulder, Yet He Hunted Up Assistance Unaided—Will Survive the Injury.

After his left arm had been crushed to a pulp by the wheels of a freight train Matthew Sheehan walked nearly half a mile to Evansville at about 12:30 o'clock this morning in order to summon assistance.

The unfortunate man half dead from the loss of blood, finally managed to arouse Jacob Allen at whose door he knocked. Drs. Evans and Colony were soon summoned and an examination showed that the wheels had passed over the arm above the elbow. Amputation was found necessary and the arm was cut off within a few inches of the shoulder. Sheehan is a resident of Beloit where he is well known. Last evening he boarded the north bound freight with the intention, it is said, of visiting friends in Evansville.

Tried To Jump Off.

He purchased a ticket, it is said, in Beloit and all went well till the train pulled into the Cut Off city. At one of the crossings, and while the train was still moving at a good rate of speed, Sheehan tried to alight, but missed his guess and fell in such a way that he was suddenly whirled beneath the train. An instant later blood was flowing from his mangled arm, the wheels having passed over it. The train had gone on, the crew not knowing of the accident. Sheehan at once realized his position and supporting the lifeless member with his right hand, he set out to find help, finally waking Mr. Allen.

Sheehan, of late years, has been a professional ball player and had become quite widely known. His injury will not prove fatal unless something unforeseen happens.

## MISSIONARY WORKERS RALLY

District Meeting Held At the Congregational Church Today.

The May rally of the Woman's Foreign Missionary societies of the Congregational churches opened in the parlors of the Congregational church this morning. The session opened at 10 o'clock with a praise service and devotional exercises led by Miss Walker. Then came the president's address by Miss Walker of Milton. Mrs. Hurlburt of Chicago, W. B. M., superintendent of young ladies' work, then read a paper on "Our Work and Workers Abroad." Miss Sewall, of Stoughton, the secretary gave a statement of the work asked of Christian Endeavor societies, general and local. Reports were made concerning the treasury, by Mrs. Coburn; the district work by Mrs. Olde; the children's work, by Mrs. Burton; and with a summary by Mrs. Hurlburt, the morning session came to an end.

The afternoon session opened with praise service and devotional exercises led by Mrs. Brandel of Fort Atkinson. Then came a symposium and discussion by the delegates, as follows:

What is our Strongest Point—Eloilo.

What is our Weakest Point—Brodhead.

How shall we Meet our Society Pledge—Evansville.

Place of Meeting; Afternoon Teas—Whitewater.

The Place of Mission Studies in our Work—Clinton.

Interesting Programs—Ft. Atkinson.

At 3:20 o'clock Mrs. Hurlburt delivered a missionary address; and Mrs. Robert C. Denison led the consecration service that closed the session at 4 o'clock.

## THE COUNTY TEACHERS MEET

Semi-Annual Session of the Association Was Held Today.

The school teachers of Rock county gathered at the new High school building this morning to compare notes, and exchange ideas. The meeting was the semi-annual session of the Rock County Teachers' association, and many well known educators were present, nearly all the schools in the county being represented.

Charles Hemmingway had the first number on the program, and spoke of "What the Normal Schools Can Do for a Country Teacher."

"Supplementary Reading" was the topic assigned to Principal Henry F. Kling of Evansville, and a paper by Principal Henry A. Adrian of Edgerton, followed.

The afternoon session opened with a paper by Miss Mate Humphrey of Milton Junction, who spoke of the "Origin and Growth of Scientific Temperance."

"Rock County's Relation to the National Educational Association" was discussed by Superintendent D. D. Mayne, and at 3 o'clock Attorney A. E. Matheson delivered an address.

A meeting of the Rock County Library association was scheduled to close the meeting.

## LUTHERAN SCHOOL IS OPEN

Unusually Large Attendance Marks the Spring Term's Opening.

The spring term of the German Lutheran school, on School street, has opened under most favorable circumstances. The average daily attendance is now between 134 and 140—the largest spring attendance in the history of the school.

## NEWS OF A PERSONAL NATURE.

Miss M. NEWTON is visiting Mrs. J. F. Brown for a few days.

H. G. NOTT is attending the Y. M. C. A. convention in Brodhead.

Mrs. EDNA KAYLOR returned to her home in Chicago this afternoon.

Mr. and Mrs. J. H. Cornish of St. Paul are the guests of Dr. McPacron and wife.

RICHARD BRIGGS, now a wholesale grocer in Madison, was greeting local friends today.

ATTORNEY Fred F. Norcross, of Chicago is the guest of his parents, Capt. and Mrs. Piny Norcross.

REV. Robert C. Denison, S. M. Smith and W. S. Jeffris attended a ball game at Beloit today.

DR. WALTER KEMPSTER who has been testifying in the Sellick case, returned to Milwaukee yesterday afternoon.

## BANQUET SERVED LAST NIGHT

Losing Team of the Xmas, Whist Club, Entertains The Winners.

Twenty-one members of the Xmas Whist club enjoyed an elaborate banquet last evening at the Park Hotel, at the expense of ten members of the club. The agreement of several weeks ago was that half of the members, headed by Dr. E. D. Roberts, were to play the other members, who were captained by H. D. Murdoch. Dr. Roberts' players proved the winners and Mr. Murdoch's team had the pleasure of settling the bill last evening. Those present were:

Mr. and Mrs.—  
F. A. Banck,  
C. A. Sanborn,  
Fred Howe,  
I. C. Brownell,  
T. O. Howe,  
E. D. Roberts,  
I. M. Harrington,  
F. B. Strickler,  
H. D. Murdoch,  
C. J. Myhr,  
Miss Grace Brownell.

## BOY MET WITH AN ACCIDENT

Harry Wilbur Pushed Down and Run Over This Morning.

Harry Wilbur, the four year old son of Mrs. S. H. Wilbur, of 116 West Milwaukee street, narrowly escaped serious injury this morning when he was run down by a horse owned by Dr. James Mills, and driven by the doctor's hired man. The wheels of the buggy passed over the boy's head. Dr. W. H. Judd and Dr. Mills attended the boy, and report that no bones are broken.

## LATEST NEWS OF THE TOWN

## WITNESSCAST DOWN BY THE TELEGRAM

CALEB SNASHALL GETS SAD NEWS TODAY.

While He Was Testifying in the Circuit Court the Wires Bring the Announcement That His Brother, a Former Rock County Minister, Had Been Killed By a Street Car.

While giving testimony this morning in the circuit court, Caleb Snashall, of Evansville, was handed a telegram that told him a sad story.

The dispatch said that his brother, the Rev. James Snashall, of Grand Rapids, Mich., was killed yesterday at noon while riding his bicycle, by being run down by a street car.

Mr. Snashall finished his testimony as soon as possible and left on the noon train for Chicago en route to Grand Rapids.

Rev. Snashall was once a well known and highly respected resident of Evansville, where his brother and other relatives now reside. He also possessed numerous friends in this city. He was a married man, 55 years of age and has for the past six years been the pastor of Calvary Baptist church in Grand Rapids.

FIND 125 WALKS DEFECTIVE

Alderman H. S. Gilkey Makes a Canvas of the Third Ward.

One hundred and twenty five sidewalks in the Third ward are in need of repairs. Alderman H. S. Gilkey, has during the past two weeks been making a close inspection of the defective walks. Property owners are now being notified to repair the same or suffer the consequences.

## MR. SLATER GETS THE PLACE.

Former Janesville Man To Manage Local Telephone Office.

Alfred Slater, of Neenah, will be the next local manager for the Wisconsin Telephone company and next week he will move his family to this city to reside. Both Mr. and Mrs. Slater are former Janesville residents.

have had a constantly increasing sale because they were a big \$100-worth. They gave perfection of bearings, strength of construction, scientific balance of line, tested excellence of material. Now that we can offer:

## MILLINERY NOTIONS.

Gauze Ribbons For Summer Hats—Quills and Straw Rosettes.

Gauze ribbons, plain, striped and figured, are largely employed in millinery for summer wear and in delicate colors are very pretty, although not durable. Some of the plain gauze ribbon is as transparent as muslin and has a charmingly light and delicate effect.

Lilies of the valley are among the fashionable flowers of the season. They are used alone or mixed with other varieties and are particularly pretty on green, gray or black hats.

Chiffon and mousseline de soie, with gauze, figure prominently in millinery.

Of course this implies that frequent renewals are necessary, for these materials are exceedingly short lived and fragile and do not bear much usage.

Changeable and mirror ribbons are seen on summer hats, and changeable effects are seen in straws themselves, obtained by braiding two colors together. Black spangled straws are among the novelties and require very little trimming.

Scarlet hats trimmed with poppies or geraniums are much seen. They are very pretty in themselves and becoming to women of not too much delicacy and fragility. Very fair, pale women must avoid them, however, under penalty of looking "washed out" by contrast.

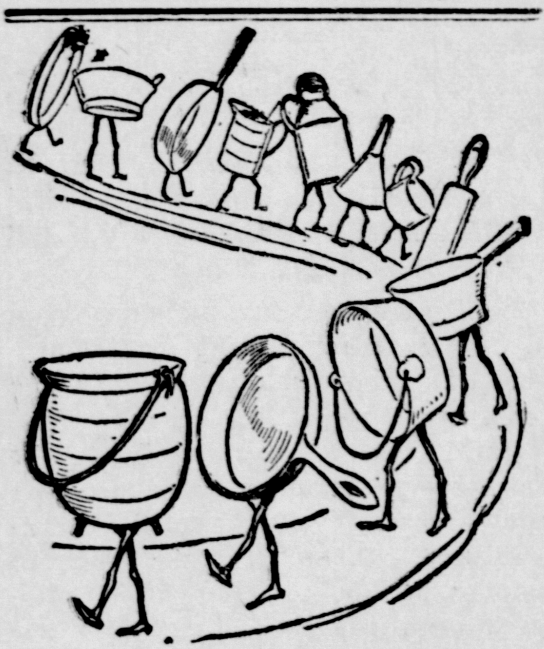

Quills are a favorite trimming this season not only for outing hats, but for more pretentious headgear. There are also rosettes made of straw and straw ribbons and netting, the latter to be used as a drape around the hat, twisted, looped and held in place by ornamental pins. Follage enters largely into all trimming, giving the fashionable touch of green.

Today's sketch shows a dinner bodice of Nile green satin. It has a full gullepe and bertha of old point. The front is draped and crossed, closing at the right side under a narrow garland of small roses, which follow the lower edge as far as the bodice forms. The collar of old point is trimmed with bows of Nile green satin and loops of green satin are placed at the shoulders. The shirred satin sleeves terminate in frills of lace. The back of the bodice, which is plain, may be cut in princess form—that is, in one piece with the back of the skirt. JUDIE CHOLLET.

# The Pimples That Bloom in The Spring

At no other season are Pimples and Humors so abundant or so annoying as in the Spring.

An unseasonably warm day, before change of winter clothing, heats the blood, and these Pimples and Humors itch and burn, and their annoyance, the suffering they cause, is known only to those afflicted.

At no time is a blood purifying medicine more effective than just before and during this season.

If your blood is not right (and whose is?) you are liable to be one of these sufferers this Spring.

A course of Hood's Sarsaparilla begun now and faithfully pursued, will save you suffering and give you rugged health, so that you can thoroughly enjoy all the pleasures of the coming summer.

## Pimples on the Face.

"I have been troubled for three years with pimples on my face and body. I tried several remedies with only temporary relief. I am now taking Hood's Sarsaparilla and it is doing me a wonderful amount of good. My general health is greatly improved, and I feel very thankful for what Hood's Sarsaparilla has already done for me." MISS JANE JABROSKY, Burnham, Illinois.

## A Clear Complexion.

"I have had a bad complexion owing to impure blood. I have been taking Hood's Sarsaparilla and my skin is now clear. Hood's Sarsaparilla has done me much good by purifying my blood." ANNIE D. MCCOY, Watson, Pennsylvania.

## Boils, Blotches, Sores, Pimples.

"I have been afflicted for many years with impure blood, which manifested itself in erysipelas, boils, blotches, sores and pimples. I have used many medicines and found Hood's Sarsaparilla to be the best. I recommend Hood's Sarsaparilla to all who are affected with impure blood." ISAAC P. MARTIN, Walnut Hill, Ill.

## Annoyed by Eruptions.

"I had eruptions caused by impure blood and at times they were very annoying. I was treated by physicians without benefit, and last winter I took a bottle of Hood's Sarsaparilla and found it helped me. I kept on until I had taken five bottles, and I am no longer annoyed with eruptions." W. R. HUDSON, Natrona, Pa.

## Hood's Sarsaparilla

Is sold by all druggists. \$1; six for \$5. Prepared only by C. I. Hood & Co., Lowell, Mass. The Best Spring Medicine.

**DR. ANNA MELVILLE, THE N. Y. SPECIALIST HAS OPENED AN OFFICE IN JANESVILLE AT 105 SOUTH MAIN STREET.**

Dr. Melville is a reputable physician of high standing, having held honorable and responsible positions in the colleges and hospitals in New York.

Dr. Melville has brought from New York every instrument and medicine known to science for the cure of chronic diseases, including the wonderful X-Ray machine, by which it is possible to look into the living body and learn the cause of disease which has baffled the ordinary methods.

If you wish to see your own bones Dr. Melville will show them to you. If you wish to see a bullet or a pin through a six-inch plank she can accommodate you. You do not believe it? People die every day, because, through their ignorance or prejudice, they refuse to believe that in the discoveries of modern science there is a way provided for them to be saved. They do not realize that the world moves, that science progresses, that diseases incurable yesterday by the old methods are curable today by the new.

If you are sick, discouraged and miserable, do not waste precious time, but go direct to the Specialist, who is provided with these instruments and knows how to use them.

**X-RAY USED IN DIAGNOSIS.**  
It is always accurate—never fails. The Doctor can see into every organ of the body. Consultation and examination is free to all who desire treatment, but no one will take offense if their case is declined, as under no circumstances will a case be undertaken that cannot be cured.

**NOTICE.**  
This is an opportunity to secure at a price within your reach the expert services of a Celebrated New York Hospital Specialist, which you cannot receive in any other way except by an expensive trip to New York or some other large city. An interview will cost nothing, and may save years of suffering or perhaps your life.  
Office Hours 9:00 a. m. to 4:00 p. m., and 7:00 to 8:00 p. m.
